

# First in Brain Injury Rehab

Braintree Rehabilitation Hospital is proud to be the first rehab hospital in Massachusetts to earn The Joint Commission's Gold Seal of Approval™ for acquired brain injury rehabilitation.

We're even prouder of what that means for our patients.

**DOUG KATZ, MD**  
Acquired Brain Injury Program  
Medical Director

## Nationally Recognized Brain Injury Care

Our progressive care helps to create the best possible outcomes for brain injury patients throughout the spectrum of injury severity.

## The BRH Difference

- Team specializing in neurological trauma, led by Neurologist and Acquired Brain Injury Program Medical Director, Dr. Douglas Katz.
- Specialized assessments and protocols
- Program that treats even the most complex patients; those in unconscious and minimally conscious states
- The most advanced rehabilitation technology

## SUPERIOR PATIENT OUTCOMES
